

We hope you are all happy and healthy. There are suggestions below to direct you towards skills you can develop at home with your child.

Maths and Numeracy

The following activities can be used continuously to reinforce skills:

- Use the 'Ongoing Learning' folder on your child's Seesaw account to reinforce Maths and Numeracy skills each week.
 - Watch 'Numberblocks' on BBC iplayer / Youtube.
 - Visit <https://www.topmarks.co.uk/maths-games/3-5-years/counting> to access interactive games.
 - Encourage your child to practise rote counting up to 100 and backwards from 30, counting a set of objects out of a larger set of 20 objects (encouraging your child to say: "1, 2, 3. There are 3 ..."), ordering numbers, comparing numbers, adding and subtracting numbers and developing their number formation up to 20.
- Focused Learning (this week)**
- Please find an activity focussed on comparing numbers in the 'Maths and Numeracy' folder on Seesaw.

Language, Literacy and Communication

The following activities can be used continuously to reinforce skills:

- Use the 'Ongoing Learning' folder on your child's Seesaw account to help reinforce recognition, naming and writing all 'sounds' and 'blends' (two letter sounds) and Tricky Words. Attached resources will also focus on blending and segmenting words. All Jolly Phonics songs are available on Youtube: <https://www.youtube.com/watch?v=U2HYM9VXz9k>.
 - Watch 'Alphablocks' on BBC iPlayer / Youtube: https://alphablocks.fandom.com/wiki/List_of_Alphablocks_episodes..
 - Listen to your child read a book at home – asking questions about the story and identifying the words out of order.
 - Access Oxford Owl <https://www.oxfordowl.co.uk/for-pupils/pupil-home> to find reading activities to further support your child.
- Focused Learning (this week)**
- Can you write a 'garden party' invitation to your favourite teddy? Remember to include as much information as possible - date, time, location, etc. Please find the attached sheet on Seesaw (Language, Literacy and Communication folder).
 - Welsh – Can you play a game of 'What is missing'? Create your own shape flashcards (draw and colour different 2D shapes on paper), spread them out on the floor and take turns with a family member to your close eyes and guess which shape has been hidden (e.g. sgwâr coch). Please find the shape vocabulary in the Language, Literacy and Communication folder on Seesaw.

Science and Technology

Focused Learning (this week)

Can you collect natural materials (leaves, flowers, moss, earth, sticks, stones, water) to create some 'foods' for your teddy to enjoy at your garden party?

As you make them, can you describe them using adjectives (describing words)?

Expressive Arts

Focused Learning (this week)

Can you listen to the story of, 'Swirl by Swirl - Spirals in Nature' on Youtube: <https://www.youtube.com/watch?v=xwkUvtxobU> and explore creating spirals (like a snail's shell) using a medium of your choice.

Please find some examples of spiral artwork in the 'Expressive Arts' folder on Seesaw.

Health and Wellbeing

Take at least 10 minutes a day to practice one of the following:

- BBC Super Movers <https://www.bbc.co.uk/teach/super-movers>
- Body Coach Kids
- Cosmic Kids - YouTube

Focused Learning (this week)

Can you practise different Garden Yoga poses in your party?

Can you look closely at the poses and give a family member instructions of how to do them?

Please find the attached poster on Seesaw (Health and Wellbeing' folder).

Humanities

Focused Learning (this week)

Can you follow a map a family member has drawn to find 'hidden treasure'? Remember to use the map's key and look closely at its features.

What hidden treasure did you find? Can you describe it?
