

## Year 5 RJ and Year 5 VN Week Beginning: 01.06.2020

We hope you are all happy and healthy. ☺ . ☺ This Week is Eco Week! . ☺. ☺ We have planned some activities with an Eco theme, please feel free to complete the activities as shown or you can add any other Eco themed activities that the children wish to complete. Please don't feel pressured to complete all the activities! Best wishes, Mr Jones and Mrs Nicholls.

### Maths and Numeracy

- From now on in Maths and Numeracy we will be revising the concepts we have been learning since September.
  - This week we will be continuing to revise multiplication.
- You will find all of the resources on Seesaw. Complete these activities in your Home Learning book or on Seesaw.

### Focused Learning (this week)

- Multiply numbers in the 8, 9, 11 and 12 times table.
- Identify the multiples in the 2, 3, 4, 5 times tables.

### Extension Activity

Play 20 games on TT Rockstars to continue to practise your times-tables.

### Language, Literacy and Communication

- Practise your spellings – Complete Unit 19 The Prefixes il-, im-, ir-, and in- Activity is on Seesaw.
- Listen to your child read a book at home – Ask questions about the content of the story and ask your child to recall facts.

### Focused Learning (this week)

#### Discussion/ Debate

This week we would like you to research the Swansea Bay Tidal Lagoon which will be the world's first tidal lagoon power plant. After you have finished your research, we would like you to record a video of yourself explaining your opinion on the new lagoon power plant, whether you think it is a good idea or not.

### Welsh

#### Y Dref (The Town)

Draw a map of the local area. If you would like to add places on your map which are not in your local area, that is fine. On Seesaw, you will find resources to help you to label your map in Welsh.

### Science and Technology Eco Week – Green Energy

For Eco Week we would like you to look at the various different types of Green or Renewable energy sources that are available.

On Seesaw there are a number of different information cards and activities that will help you learn about renewable energy.

You are free to complete as many of the activities/experiments as you wish, just remember to add your work to Seesaw!

### Expressive Arts

#### Art

#### Observational Drawings in the Outside Environment

This week we would like you to go outside and have a look at your local environment.

Draw an aspect of the environment which you find interesting, for example, buildings, landscape etc. When you have finished your drawings, please upload your artwork to Seesaw.

### Health and Wellbeing

Take at least 10 minutes a day to practise one of the following:

- BBC Super Movers
- Body Coach Kids
- Go Noodle
- YouTube Videos – Mindfulness
- Joe Wicks Body Coach videos on YouTube.

#### A Mindful Walk

This week we would like you to go for a Mindful walk in your local area. As you walk, we would like you to be mindful of yourself and of your surroundings. On Seesaw, there will be guidance of how to complete your Mindful Walk.

### Humanities

#### Eco Week

For Eco Week we would like you to try to make a Solar Oven!

On Seesaw there is information on what a Solar Oven is and how to make one. If you don't have the materials available there are a number of videos on YouTube that explains what a Solar Oven is and how it works!

Remember to add your work to Seesaw
